ADVISORY

Value Accelerator

The M&D **Value Accelerator** is a rapid value creation program targeted to Manufacturing & Distribution (M&D) companies. Our industry leading methodology enables PE firms, business owners, and executive management to quickly achieve improved cash flows, reduced costs, and increased profitability.

Our methodology consists of a robust assessment to identify hidden value and a roadmap to realize opportunities. We provide advisory services across the entire value chain from manufacturing and/or purchasing of products/services through the delivery to end customers.

Our advisory professionals are M&D and Supply Chain experts, Lean Six Sigma Certified, and Certified Value Growth Advisors who have served small to large companies across numerous sectors.
